Date: April 9, 2020

Re: Superintendent's Update 4/9/2020

Region 10 Community Members,

I hope that you are still staying well. We are thinking of all of you as this event extends on. Today the Governor has extended school closures until May 20, 2020. Region 10 schools will continue to be closed until May 20, 2020 consistent with this order. I want to thank all the community members who responded to our survey this week. Your feedback and insight will be valuable as we move forward with our Distance Learning Program.

Many community members have asked about our end of the year activities such as proms and graduations. At this time we are not making any decisions about these events. We will not make any decisions in haste and will do everything we can to safely hold these events either on time or delayed.

I hope all of you have a great April break. If you would like your children to stay engaged in educational activities over there are a variety of resources for every grade level and many subjects on the supplemental learning page at www.region10ct.org but that is a decision we leave to parents and guardians to make for their family.

Please stay well and stay hopeful we will all get through this together. Thank you for your support and for everything you're doing to keep our community safe!

Stay well!

Howard
