## What is the LSM Athletic Booster Club?

The Lewis S. Mills Athletic Booster Club offers support through volunteer services. Its purpose is to operate in full support of the school athletic director and principal. The Booster Club will at no time interfere with the policies, methods, eligibility requirements, or other practices of the athletic department or administration. The club's goal is to provide support to all of our student athletes and coaches. Fairness across the board is our goal.

Money raised comes from various activities including membership, concession sales, merchandise sales, scrip sales and fundraising. Current membership (6/10) consists of approximately 42% of the student athlete households. Fifty-eight percent of our student athlete families are still not members. Help us reach our goal of 100% and join today. We can't do all of this without you.

### Sponsored Events

All sponsored events are hosted by the Booster Club with volunteers primarily consisting of Executive Board members and a core group of member volunteers. In addition to time donated by our volunteers, items are donated for raffles, food supplied for refreshments (also from membership volunteers), programs/handouts.

## What does the LSM Athletic Booster Club do for my team?

Each year the athletic department distributes an "Equipment Budgetary Request" to all coaches allowing them the opportunity to request items for their team. This form is submitted to the Coordinator of Athletics as part of the regular budget process. Each of the items requested are prioritized by the coach as follows:

- 1 = required equipment for program to function at current level – uniforms or necessary replacement equipment;
- 2 = upgrade replacement of current equipment (must state rationale);
- 3 = equipment that would enhance program (must state rationale).

Once submitted, the administration reserves the right to discuss alternatives to requests if said items fall outside responsible budget guidelines. Those items that can be covered by the budget will be approved. Any item that is deemed necessary but is not covered by the school budget will be sent to the Booster Club for their approval. Final approval by the Booster Club is based on recommendations from the administration, current financial level, etc.

- \* \$2500 towards Crew boat purchase
