RE: School Closings and Delays

Dear Parent/Guardians:

This letter is to review our school closing procedures in the event of inclement weather.

- If Region 10 is closed due to inclement weather, transportation is not provided to the out-of-district facilities.
- If the out-of-district facility is closed due to inclement weather, your child has no school, even though school may be open in Region 10.
- In the event of a Region 10 delayed opening due to inclement weather, transportation will arrive 90 minutes later than scheduled.
- In the event of a Region 10 early dismissal due to inclement weather, Region 10 will contact the out-of-district facilities and arrange return transportation.

Sincerely,

Linda J. Carabis
Director
